Volume: 15 Number: 15 Date: July 15, 1993

Product Code: PA
Subject Code: AU
Part Number: 19D902349
LBI: 38384

CATEGORY: Portables

SUBJECT: M-PA Conventional UDC Receive Audio Level

There have been reports from the field that the Receive Audio Level at the UDC of the conventional M-PA is somewhat lower than the M-PD.

To increase the audio level by approximately 6 db make the following revision on the 19D902349 Controller board.

Change C16 from 19A702052P10 (4700 pf) to 19A702052P8 (3300 pf)

Change R48 from 19B801251P472 (4.7 k ohm) to 19B801251P272 (2.7 k ohm)
