YAMAHA O1v96 TEST PROGRAM

To fully utilise the test program you will need:

1 x **MIDI Cable**
1 x **ADAT cable**
1 x **COAXIAL Cable**
1 x **BNC cable**

MIDI Cable : connect **MIDI in - MIDI out**
ADAT Cable : connect **ADAT in - ADAT out**
COAXIAL Cable : connect **2tr in DIgital - 2tr out Digital**
BNC Cable : connect **Word clock in - Word clock out**

There are **2** ways to access the Test Screen:

A: With the O1v96 **powered on** press: **SEL** key for **Channel 6, 7, 1, 1** then press the **STORE** key
B: With the O1v96 **powered off** press and hold: **HOME (METER)** and **AUX4** while powering up.

Remember! Dont go messin' unless you know what you are doing
