SATERN of Palm Beach

An Emergency Communicator Team...
Doing the Most Good

The Salvation Army Team Emergency Radio Network provides emergency communications support to the Salvation Army and other disaster response agencies. The SATERN of Palm Beach two meter net is an extension of both regional and national nets, and will also handle Health & Welfare traffic to and from disaster victims and their loved ones.

Everyone is welcome to check into SATERN nets, attend meetings and other activities.

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
