

# Fire Features for the THALES 25

Designed to fit our customer's needs

- **Improved Selective Zone Cloning Operation**

- Addition of Special Event 'Fire' Bank containing three zones of 16 channels each, that is, 48 channels with 48 possible shadow channels
- Option to Clone radio global settings
- Retains option for a full Clone operation

- **Transmit Squelch Tone Pick List**

- Program up to 32 tones to be quick picked from the radio keypad
- Option to map NAC Codes to CTCSS tones with the PC programmer for seamless transition from analog to digital systems

- **Password Protected Zones**

- A password will be required to alter, clone or PC program protected zones

- **Unit ID Call Pick List**

- Make easy Unit ID calls from a preprogrammed list of up to 99 names
- Received transmissions display the name of the incoming Unit ID

- **Other feature improvements**

- Improved Priority Scan
- Enhanced Unit ID Display
- Enhanced Backlight Capacity
- Enhanced Busy signal indicator
